

Yukon Income Statistics 2021 Taxation Year

Highlights:

- For the 2021 tax year, Yukon taxfilers filed 31,380 income tax returns, an increase of 610 returns, or 2.0%, compared to 2020 (30,770 returns).
- Yukon taxfilers' total income assessed for the tax year 2021 was \$2,126.7 million, averaging at \$67,771 per taxfiler.
- Yukon taxfilers in the 45-49 years age group had the highest average income assessed at \$84,071 in the 2021 year.

The data contained in this publication are from Canada Revenue Agency (CRA) from T1 Income Tax and Benefit Returns. Province or territory of taxfiler for 'Final Statistics' is based on residence as of December 31 of the tax year. For the tax years from 2012 to the reference year of this publication, 'Final Statistics' are based on all returns, including reassessments up to June 30th of year following filing date for any given tax year.

'Individual Tax Statistics by Area' (formerly Locality Code Statistics) are based on the tax filer's postal code and place name as it appears in mailing address to determine the locality code (based on Statistics Canada's Standard Geographical Classification) and includes reassessment information up to June 30th of the given tax year plus two years. Due to changes in the allocation of returns to geographic boundaries used by CRA, the number of returns attributed to communities from 2021 are not strictly comparable to previous years.

Except where noted, 'number of returns' refers to all returns filed (taxable and non-taxable returns). Some returns are filed for the sole purpose of the GST Credit and/or Child Tax Benefit. All figures are reported in current-year dollars and have not been adjusted for inflation. Statistics pertaining to less than ten taxfilers have been suppressed, however they are included in the subtotals and totals. All counts of the number of taxfilers have been rounded to the nearest multiple of ten. Subtotals and totals were rounded independently. Thus, due to rounding and suppression, number in a row or in a column may not add up to the respective total.

Total income assessed and number of returns, Yukon, 2012 to 2021

Source: CRA T1 Final Statistics, Table 2.

For the 2021 tax year, the total number of income tax returns filed by Yukon taxfilers was 31,380; an increase of 610, or 2.0%, compared to 2020 (30,770).

The total income assessed for the 2021 tax year was \$2,126.7 million, an increase of \$146.5 million, or 7.4%, compared to the total income assessed in the 2020 tax year (\$1,980.1 million). The total income assessed in the 2021 tax year was the highest on record for Yukon and was the first year that Yukon's total income assessed exceeded the \$2 billion mark.

In the 2021 tax year, Yukon's taxfilers had an average assessed income of \$67,771; in the 2020 tax year, this figure was \$64,353. Comparing the 2021 tax year to the 2020 tax year, the average income assessed increased by \$3,418 or 5.3%.

Number of returns by age group of taxfilers, Yukon, 2017 to 2021

Source: CRA T1 Final Statistics, Table 4.

Yukon taxfilers in the 35-39 years age group made up the largest number of taxfilers in the 2021 tax year. There were 3,430 taxfilers in this age group, accounting for 10.9% of all taxfilers, followed by 3,400 taxfilers in the 30-34 year age group (10.8%).

Comparing the 2021 tax year to the 2020 tax year, the age group with the largest increase in the number of taxfilers were those aged 35-39 years, with an increase of 200 taxfilers, or 6.2%.

Average income assessed by age group of taxfilers, Yukon, 2021

Source: CRA T1 Final Statistics, Table 4.

For the 2021 tax year, Yukon taxfilers' average income assessed was highest for the 45-49 years age group (\$84,071), followed closely by the 55-59 years age group (\$83,754) and the 50-54 years age group (\$83,477).

Taxfilers in the less than 20 years age group had the lowest average income assessed for the 2021 tax year at \$14,639.

Returns by major source of income, Yukon, 2021

In the graph and the table above, returns have been grouped by major source of income.

For self-employment income, the gross income was used to determine the major source of income. For instance, a taxfiler who reported employment earnings of \$30,000, gross business income of \$25,000, and investment income of \$5,000 would be classified under 'employment'.

Sales: taxfilers whose major source of earnings is commission income from self-employment.

Farming and fishing: self-employed taxfilers who earn their major source of income from fishing or farming.

Professional income: self-employed taxfilers whose major source of income is professional fees (including accountants, doctors and surgeons, dentists, lawyers and notaries, engineers and architects, entertainers, artists, etc.).

Investment: taxfilers whose major source of income is interest, taxable dividends from Canadian corporations, taxable capital gains and other investment income.

Social benefits: taxfilers whose major source of income is employment insurance, social assistance payments, Universal Child Care Benefits, workers' compensation benefits, and net federal supplements.

Business proprietorship or partnership: taxfilers whose major source of income is business income.

Pension: taxfilers whose major source of income is pension or split pension income.

Employment: taxfilers employed by a business, institution, school, federal or provincial Crown corporation, or some form of government body.

Other: taxfilers whose major source of income is alimony, registered retirement savings plan income, registered disability savings plan income, or other unspecified income. Other income includes taxfilers with nil amounts in the other major sources of income fields.

Retirement contributions as a percentage of total assessed income, Yukon, 2012 to 2021

Source: CRA T1 Final Statistics, Table 2.

Comparing the 2021 tax year to the 2020 tax year, the total income assessed in Yukon increased 7.4% (\$146.5 million), while total contributions to RPPs and RRSPs increased 7.8% (\$8.8 million).

In the 2021 tax year, 27.1% of all Yukon taxfilers contributed to RPPs (an increase of 300 contributors, or 3.7%, compared to the 2020 tax year), while 24.3% of all Yukon taxfilers contributed to RRSPs (an increase of 250 contributors, or 3.4%). Of all Canadian taxfilers, 18.6% contributed to RPPs (an increase of 0.3 percentage points), while 21.8% of all taxfilers contributed to RRSPs (the same as in 2020).

In the 2021 tax year, of those Yukon taxfilers who contributed to an RPP or RRSP, the average contribution to RPP was \$6,788, and \$8,447 to RRSP. For Canada, the contribution averages to RPP and RRSP were \$4,938 and \$8,916, respectively.

For all Yukon taxfilers with retirement contributions, the 2021 tax year RPP and RRSP combined contribution average of \$7,574, was \$487, or 6.9%, higher than the combined average for Canada (\$7,087).
