Compared to the figures for October 2024, Yukon's seasonally adjusted labour force (28,400) decreased by 300; the number of employed (27,000) remained the same; the number of unemployed (1,400) decreased by 300; and the unemployment rate (4.9%) decreased by 1.0 percentage point.

### Labour force characteristics, October 2025 (seasonally adjusted)

	Oct '24	Sep '25	Oct '25	Change <sup>1</sup> Sep '25 to Oct '25	Change <sup>1</sup> Oct '24 to Oct '25
<b>Yukon</b>					
Labour force	28,700	28,500	28,400	-0.4%	-1.0%
Number employed	27,000	27,300	27,000	-1.1%	0.0%
Number unemployed	1,700	1,200	1,400	16.7%	-17.6%
Unemployment rate	5.9%	4.2%	4.9%	0.7	-1.0
<b>Canada</b>					
Labour force	22,259,000	22,621,800	22,639,100	0.1%	1.7%
Number employed	20,782,600	21,015,300	21,081,900	0.3%	1.4%
Number unemployed	1,476,300	1,606,500	1,557,300	-3.1%	5.5%
Unemployment rate	6.6%	7.1%	6.9%	-0.2	0.3

<sup>1</sup> Change is measured in percent, or percentage points, where applicable. Percentage points are the actual numerical difference between two percentages, such as: 10.0% - 8.2% = 1.8 percentage points.

**Note to readers:**

- All estimates are rounded to the nearest hundred.
- All territories' monthly figures are based on three-month moving averages and are, therefore, not included in the overall figures for Canada.
- The Labour Force Survey (LFS) estimates for October reflect labour market conditions during the reference week of October 12 to 18, 2025.
- Every 10 years, the Labour Force Survey (LFS) sample is redesigned to reflect changes in population characteristics and updated geographical boundaries. The updated sample design — based on the 2021 Census population characteristics and the 2021 Standard Geographical Classification — was phased in during the period from April to September 2025.
