

Retail Trade, September 2025 (preliminary)

Released by Statistics Canada – November 21, 2025

In September 2025, Yukon's retail sales (not adjusted for seasonality) totalled \$104.8 million, an increase of \$5.3 million, or 5.3%, compared to September 2024 (\$99.5 million). Based on the available data, this increase was mainly attributable to higher sales by *Health and personal care retailers; Food and beverage retailers; and Sporting goods, hobby, musical instrument, book, and miscellaneous retailers*; and was offset by decreases in sales by *Gasoline stations and fuel vendors*¹. Yukon's September 2025 retail sales decreased by \$8.8 million, or 7.8%, compared to August 2025 (\$113.6 million).

Nationally, retail sales (not seasonally adjusted) increased 5.1% in September 2025 compared to September 2024 and decreased 4.3% compared to August 2025.

On a year-to-date basis (January through September 2025), retail sales in Yukon totalled \$898.5 million, a decrease of \$2.1 million, or 0.2%, compared to the same period in 2024 (\$900.6 million). Canada's year-to-date retail sales increased 4.7% over this period.

Based on the available data, Yukon's year-to-date decrease in retail sales were attributable to a reduction in sales by *Gasoline stations and fuel vendors*¹; *Health and personal care retailers; Motor vehicle and parts dealers; and Furniture, home furnishings, electronics and appliances retailers*. These decreases were partially offset by increases in sales by *Food and beverage retailers; Sporting goods, hobby, musical instrument, book, and miscellaneous retailers; and General merchandise retailers*.

^r = revised

^p = preliminary

¹ In April 1, 2019, the Government of Canada levied a consumer carbon tax on fossil fuels, with rates varying by fuel type and increasing annually. From April 1, 2025, the carbon tax is no longer being levied as the applicable carbon tax rates for all types of fuel were set to zero, which contributed to the year-over-year fluctuations in gasoline sales in this release.
