# Student work opportunities with the Department of Environment

## What will I experience?

- The opportunity to learn and practice through remote field work, research, educational and outreach programming, leadership, group management and more.
- Transferable training opportunities to set you up for a safe and productive season.
- Teamwork! A culture centered around good people, good work and good fun.
- Personal and professional growth linked to making positive impacts for the community and the environment.

## When will I work?

- Post-secondary contracts run from May - August
- High school Fieldworker contracts run from late June- mid August
- Start and end dates are specific to each position and include extensive paid training.

## Where will I work?

- All over the Yukon! Locations change yearly based on project requests. Expect a balance of remote, local, single day and multi-day projects in several Yukon communities, surrounding forests, lakes and rivers. Our office is based in Whitehorse.

## Who will I work with?

- Work alongside biologists, researchers, parks employees, NGOs and local community members.
- Work with elementary and secondary students through EnviroWild camp and spring programs in schools.
- Like-minded students make up the Y2C2 and EnviroWild camp crews.

## How do I apply?

# Job descriptions

## Y2C2 Green Team Steward (post-secondary student position)

**The job:** Oversee the implementation of hands-on conservation related projects in various locations around the territory. May include public presentations, research, updating learning resources, web and publication design, delivery of conservation camps and biology fieldwork. This position also works closely with the Youth Programs Coordinator to organize special events, plan and provide staff trainings, schedule projects and provide administrative support.

**You:** Post-secondary student with coursework in renewable resources, biology and/or outdoor environmental education.

**Pay and length of contract:** \$24.18/hr for 16 weeks. Second year \$25.87/hr. One position available.

## Y2C2 Green Team Worker (post-secondary student position)

**The job:** Works collaboratively with a team on a variety of conservation related programs across Yukon. May include hands-on research, public presentations, biology fieldwork, data input, and delivery of educational programs, conservation camps, and “greening” events.

**You:** Post-secondary student with coursework in renewable resources, biology and/or outdoor environmental education. Thrives on working with people, including youth from K-12.

**Pay and length of contract:** \$22.56/hr for 14 weeks. Second year \$24.18/hr. Three positions available.

## Camp Assistant (post-secondary student position)

**The job:** Responsible for all aspects of planning and safe delivery of three summer camps for youth going into grades 8-10. Organizes equipment and food, supervises campers and works collaboratively with co-leaders. Trips are up to 10 days in length. Works alongside, and is strongly supported by, the Youth Programs coordinator and Camp Supervisor.

**You:** Post-secondary student with coursework in renewable resources, biology and/or outdoor/environmental/experiential education. Experience supervising youth, preferably in a camp environment. Considerable outdoor experience. Looking to further their leadership, mentoring, education and facilitation skills as well as gain wilderness-guiding experience. Has Class 5 Yukon drivers license and be willing to acquire Class 4 (covered as part of training).

**Pay and length of contract:** \$22.56/hr for 14 weeks + camp bonus. Second year \$24.18/hr. Two positions available.

## Job descriptions (continued)

### Y2C2 Crew Leader (post-secondary student position)

**The job:** Supervises the day-to-day activities of a crew of four Field Workers. Drives transport vehicle, organizes field camps and equipment, ensures worker safety and maintains positive work environment.

**You:** Post-secondary student with coursework in relevant field, some experience in project management and supervision, strong safety consciousness, adaptable, reliable. Looking to increase leadership and project management capacities. Has Yukon drivers' licence (Class 5).

**Pay and length of contract:** \$25.87/hr for 14 weeks + camp bonus. Second year \$27.68/hr. Two positions available.

\*Applications for post-secondary positions are due by **February 9th, 2025**. Contracts run from early May to mid August to accommodate students returning to and from post-secondary schools outside of Yukon.

### Y2C2 Field Worker (high school student position)

**The job:** Works and camps cooperatively with your team on a variety of conservation-related projects around the territory. Complete outdoor labour tasks using a variety of hand tools as well as research-oriented tasks and projects. Education and training offered in orientation camp and throughout the summer. Work period can include up to a 10-day shift.

**You:** High school student with an interest in environment, conservation, and some experience working, volunteering and playing in the outdoors. Responsible and enthusiastic. Looking to gain insight and experience in environmental work. At least 16 years of age.

**Pay and length of contract:** \$19.35/ hr for 8 weeks. Second year \$20.23/hr. Eight positions available.

\*Applications for high school positions are due by **April 20th, 2025**. These contracts run from mid-June to mid August to accommodate students in Grades 11 and 12.
