

Electrical Bulletin – Universal FSU Boxes Cont.

March 18, 2022

Re: FSU boxes on temp services

After some consultation with contractors and wholesale suppliers we will allow the continued use of Universal FSU boxes on temporary services until January 1st, 2023. We recognize that many of these services are already assembled and the impact this requirement could have on the rapidly approaching construction season.

For clarity, universal FSU boxes will be accepted under either of these conditions:

- 1) If the permit was issued on or before March 15th 2022; or
- 2) For temp services connected before January 1st, 2023.

Thank you,

Logan Collins
A/ Chief Electrical Inspector
