Terms and conditions

Definitions:

E-bike – powered by a battery and has pedals.

Electric cargo bicycle – Has an extended frame designed to carry goods or people, powered by a battery and has pedals.

kWh – kilowatt-hour

Other e-transport device – a device, excluding e-bikes or vehicles, that is powered by an electric battery or motor, intended to transport people.

Eligibility:

E-bike: powered by a battery and has pedals.

Electric cargo bicycle: has an extended frame designed to carry goods or people, powered by a battery and has pedals. Full suspension electric bicycles designed exclusively for mountain biking qualify for this rebate.

Other e-transport device: examples include but are not limited to: motorcycles, snowmobiles, tractors, boats, other small personal e-transport. All bicycles and e-transport devices must be purchased from a business operating in Canada with a Canadian address listed on its invoice. If a bicycle or other e-transport device is purchased outside of the Yukon, the applicant must show proof that the product was shipped and delivered to the Yukon (e.g. delivery slip or shipping receipt).

Not eligible are:

- devices that use fossil fuels; or
- devices purchased from a crowd-funding campaign websites.

Rebate Amount: The rebate is calculated based on the cost of bicycle or other e-transport device and excludes the costs for accessories, shipping, or assembly. The Government of Yukon does not give rebates that are more than the product, project or service value.

Eligible applicants: Businesses and organizations registered in the Yukon; Yukon municipalities; First Nation governments; and Yukon residents. The Government of Yukon and federal government entities, including crown corporations, are ineligible. Yukon residency is proven by providing a copy of a Yukon driver's license or one eligible document from the Government of Yukon's residency document list.

Quantity: For all Good Energy Transportation rebates, businesses and organizations registered in the Yukon, municipalities, and First Nations governments may purchase up to 10 qualifying products per rebate per calendar year. Yukon residents can receive a rebate for up to five devices over the lifetime of the program.

Receipts and invoices: purchases and invoices must be legible, itemized and include purchase date, purchaser name, retailer/supplier name, brands and model numbers of items purchased, description and cost. Where applicable, supplied invoices must include the applicant's name on this form. **Every invoice must have a zero-balance owing or be noted as "paid in full" and initialed by the supplier.** Payment will be made to the individual or business identified on this application form. It is the applicant's responsibility to ensure that any other parties that may have participated in the purchase or project are aware of

this rebate application and approve of these terms. Receipts, invoices and any documentation must be dated within 1 year of submitting your rebate application. The date of the invoice is the date of the most recent payment on the invoice.

Limits to program: The Good Energy program is renewed annually pending fiscal year budget allocation. This program is effective from April 1 to March 31 of a fiscal year. The program expires on March 31 unless it is renewed. Rebate offers are subject to program funding and revision and may change or end at any time.

Applications and payment: The Government of Yukon is not responsible for lost, late, misdirected, damaged, illegible, incomplete, or ineligible applications. Allow up to 12 weeks for payment. Payment may be done by direct deposit if you have been employed or under contract with the Government of Yukon.

Qualifying products: The Government of Yukon's Energy Branch relies on third-party standards to identify and validate energy efficient products, projects and services. In promoting these standards, the Energy Branch does not endorse any manufacturer, supplier, contractor or installer.

Personal information: Collection of this information is authorized by paragraph 15(c)(i) of the *Access to Information and Protection of Privacy Act* SY 2018, c.9 to determine whether you are eligible for a Good Energy rebate, issue payment, and provide you with updates to the Good Energy rebate program. For more information, contact the Manager – Energy Programs with the Energy Branch, Energy, Mines and Resources: 867-393-7063 or toll free: 1-800-661-0408 and ask to be transferred.

Disclaimer /no liability: The Government of Yukon Energy Branch's role is to incentivize the purchase of energy efficient products, projects and services.

The Energy Branch is not responsible for product installation, the quality of work or service by a contractor, the completion of projects or the quality of products purchased. The Energy Branch does not guarantee energy saving results by approving an application. The Energy Branch is not responsible for claims by third parties about the Good Energy program, rebates and product eligibility.
