Police-reported Crime Statistics in Yukon 2025

Highlights:

- In 2025, police reported a total of 10,344 criminal incidents in Yukon: 2,200 ***violent Criminal Code violations***; 4,664 ***property crimes***; 2,422 ***'other' Criminal Code violations***; 719 ***Criminal Code traffic violations***; and 339 ***Federal Statute violations***.
- Yukon's 2025 police-reported crime rate* was 10.8% lower than the revised 2024 rate and 13.5% lower than the revised 2023 rate.

This report is based on data released by Statistics Canada from the Incident-based Uniform Crime Reporting Survey (UCR2). In January 2018, the Uniform Crime Reporting Survey (UCR) definitions of "founded" and "unfounded" criminal incidents were updated to reflect a more victim-centred approach for recording crimes that consider the complexities of certain offences such as sexual assault, family violence and intimate partner violence. Under the new reporting standards, specific offences may be more likely reported by police as founded rather than unfounded (or unsubstantiated), which would exclude them from police-reported crime rates and crime severity indices. Data for 2019 represent the first complete year of UCR data collected under the new reporting standards.

Crime rate, Canada, provinces and territories, 2025

  Source: Statistics Canada data table: 17-10-0005-01
- In 2025, the crime rate decreased 10.8% compared to the revised 2024 rate (21,559 incidents per 100,000). The 2025 crime rate was 12.2% lower than the 2016 rate (21,907 incidents per 100,000).

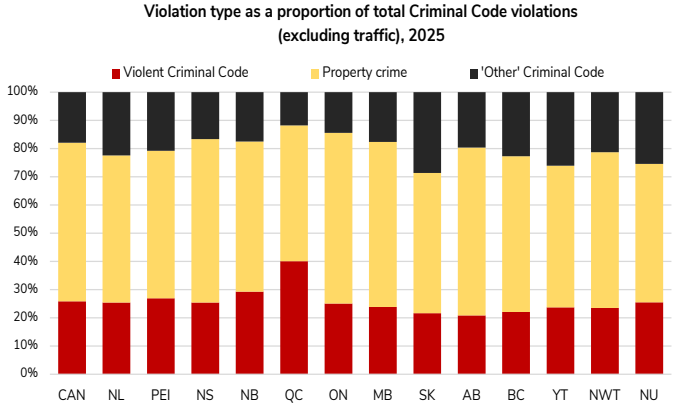

**Criminal Code traffic violations, as well as federal statute violations are not included in the calculation of the crime rate.*

[1] Data may reflect the number of active or closed investigations for the year rather than the total number of incidents reported to police. Under the Uniform Crime Reporting (UCR) Survey, the most serious violation in an incident is partially determined by the maximum penalty. As such, changes to maximum penalties may affect how an incident reported by police is classified in terms of its most serious violation. Bill C-291 with amendments to Criminal Code sections 163.1(2–4.1) came into effect on October 10, 2025. Consequently, the UCR Survey was updated to rename violation codes 3455 and 3456 to "Child Sexual Abuse and Exploitation Material (possessing, or accessing; making, or distributing)".

- In 2025, of the 2,422 ***'other' Criminal Code violations*** in Yukon, 87.0% were either ***disturb the peace violations*** (1,337 incidents, or 55.2%) or ***administration of justice violations*** (770 incidents, or 31.8%).

- Compared to 2024, the number of ***total weapons violations*** incidents in 2025 remained the same. Compared to 2016, the number of ***total weapons violations*** incidents increased by 50, or 161.3%.

Violation type as a proportion of total incidents, by Yukon community, 2025

r = revised

- In 2025, police reported a total of 10,344 criminal incidents in Yukon: 2,200 ***violent Criminal Code violations***; 4,664 ***property crimes***; 2,422 ***'other' Criminal Code violations***; 719 ***Criminal Code traffic violations***; and 339 ***Federal Statute violations***.
- Of the 10,344 criminal incidents in 2025: 21.3% were ***violent Criminal Code violations***; 45.1% were ***property crimes***; 23.4% were ***'other' Criminal Code violations***; 7.0% were ***Criminal Code traffic violations***; and 3.3% were ***Federal Statute violations***.
- Comparing 2025 to 2024, the total number of criminal incidents in Yukon decreased by 962 incidents, or 8.5%. The largest percentage decrease was in Ross River (29.5%), from 403 incidents in 2024 to 284 incidents in 2025, followed by Mayo (25.0%), from 320 incidents in 2024 to 240 incidents in 2025.
- In 2025, ***property crimes*** represented the highest proportion of all violations in all Yukon communities with the exception of Faro, while ***Federal Statute violations*** represented the lowest with the exception of Faro, Old Crow and Pelly Crossing.

Populations are based upon July 1 estimates from Statistics Canada, Demography Division.

Crime counts are based on the most serious violation in an incident; however, violent criminal incidents are generally counted separately for each victim.

Changes in the number or rate of incidents from one year to another may be partly attributable to changes to codes for specific violations and/or differences in the way police services deal with minor offences. In some instances, police or municipalities might chose to deal with some minor offences using municipal by-laws or provincial provisions rather than Criminal Code provisions.
