Yukon Bureau of Statistics

Population Report
Second Quarter, 2026

Highlights:

- The estimated population of Yukon on June 30, 2026 was 49,095; an increase of 1,213, or 2.5%, compared to the revised figure for June 30, 2025 (47,882).
- Comparing June 30, 2026 to June 30, 2016, Yukon's population increased by 10,501, or 27.2%. The population of the Whitehorse Area increased by 9,473, or 31.6%; Dawson City increased by 296, or 13.6%; Watson Lake increased by 50, or 3.4%; and Haines Junction increased by 170, or 18.8%.

Methodology notes:

Official population estimates prior to June 2010 were based on information in Yukon Health Care Insurance Plan (YHCIP) files and a semi-annual health care update survey that estimated the number of plan members who were no longer Yukon residents. In 2010, the estimation model was revised and the population counts for June 2010 through December 2014 were derived by tracking changes in YHCIP files and other administrative data files. In 2015, the model was further revised to make the approach more comprehensive and to improve accuracy based on information in all available and applicable administrative data files of the Yukon government.

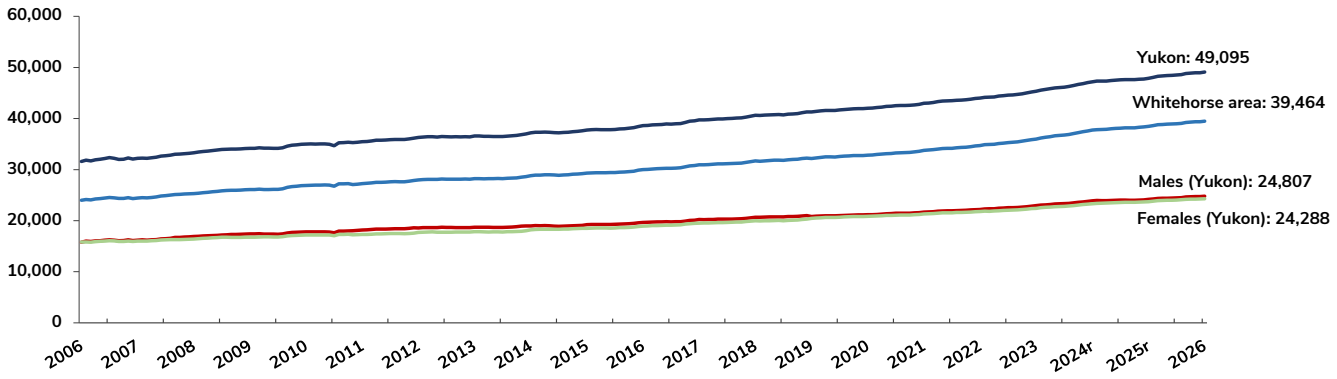
In 2020, the model was updated by prioritizing residential addresses over mailing addresses in the assignment of communities. This update allowed for separate reporting of population estimates for Johnson's Crossing and Mendenhall, and changes in the organization of Whitehorse subdivisions. The changes were applied to all population estimates from June 2019 onwards.

Every five years population estimates are calibrated to estimates based on census counts adjusted for net undercoverage. The most recent calibration was done in April 2024. Revisions to population estimates are also done when additional information and revised administrative data become available.

Given that the number of non-binary individuals in Yukon's administrative files is very small, non-binary individuals are distributed between males and females to protect confidentiality.

All monthly estimates are as of the last day of the month. The June estimates represent annual figures.

Monthly population, June 30, 2005 to June 30, 2026



r = revised

- From 2006 through 2014, Yukon's population increased almost steadily in most quarters of every year except in 2013. Positive growth rates — often very high — have been recorded in each quarter, from 2015 onwards. The June 30, 2026 population at 49,095 is the new record-high[1] for Yukon.
- On June 30, 2026, Yukon's population (49,095), increased by 198 people, or 0.4%, from the revised figure for March 31, 2026 (48,897), and increased by 1,213 people, or 2.5%, from the revised figure for June 30, 2025 (47,882).

[1] Accurate population counts during the Gold Rush are not available. However, the population figure in the first Census for Yukon (1901) was 27,219.

Comparing June 30, 2026 to June 30, 2016, Yukon's population growth by 15-year age group were:

- 0 to 14 years = increased by 1,041 people or 16.1%;
- 15 to 29 years = increased by 1,997 people or 27.8%;
- 30 to 44 years = increased by 4,270 people or 48.4%;
- 45 to 59 years = decreased by 354 people or 3.9%;
- 60 to 74 years = increased by 2,077 people or 36.6%; and
- 75 years and over = increased by 1,470 people or 110.7%.

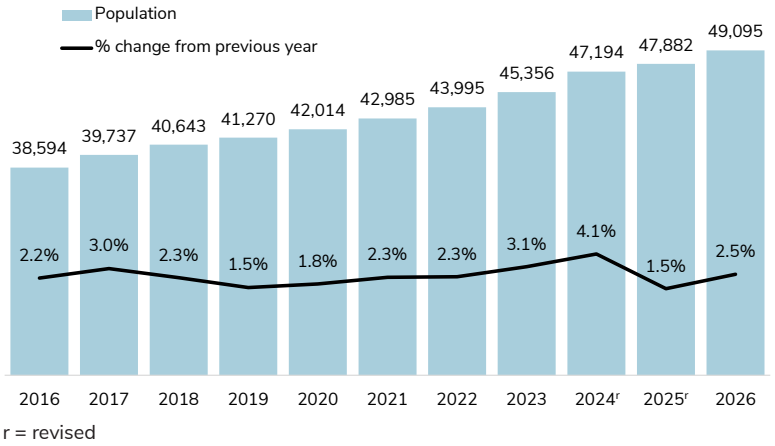
Annual (June 30th) population and growth, Yukon, 2016 to 2026

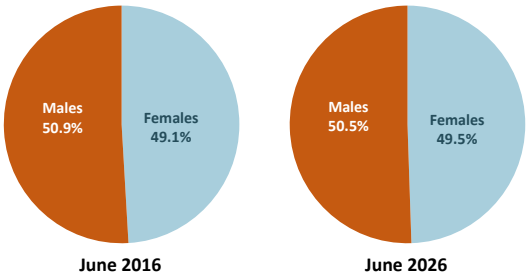
Yukon's annual population increased by 10,501, from 38,594 in 2016 to 49,095 in 2026. This represents a 27.2% increase and a compound annual growth rate of 2.5%. During the ten-year period from 2016 to 2026, Yukon recorded its lowest annual population growth (1.5%) in 2019 and 2025; the highest annual population growth during this period was 4.1% in 2024.

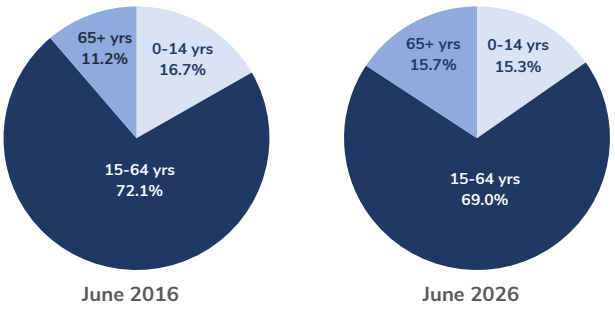


r = revised

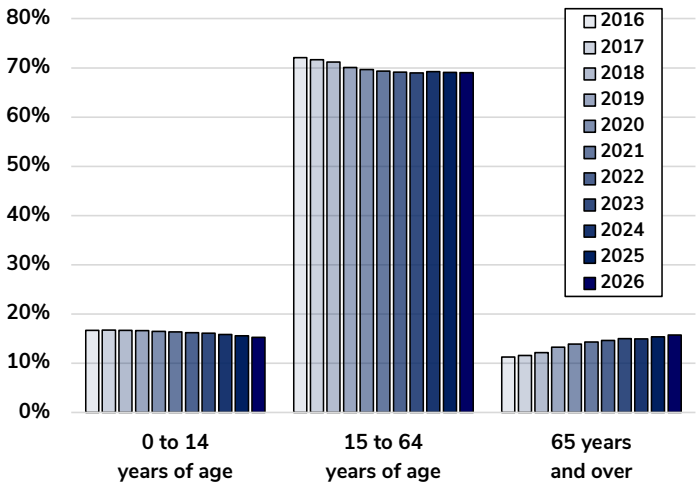
Distribution of annual population by sex and age group, Yukon, 2016 and 2026

- On June 30, 2026, Yukon's population consisted of 24,288 females (49.5%) and 24,807 males (50.5%).
- Ten years earlier, on June 30, 2016, the ratio was slightly more dispersed: there were 18,938 females (49.1%) and 19,656 males (50.9%).





- On June 30, 2026, 15.3% of Yukon's population was under 15 years of age, 69.0% was between 15 and 64 years, and 15.7% was 65 years of age or older.
- Ten years earlier, on June 30, 2016, 16.7% of Yukon's population was under 15 years of age, 72.1% was between 15 and 64 years, and 11.2% was 65 years and over.



The distribution of broad age groups as a percentage of Yukon's annual (June 30th) population over the period from 2016 to 2026 shows:

- the proportion of the population aged 15 to 64 years decreased by 3.0 percentage points to 69.0% in 2026;
- the proportion of the population aged 65 years and over increased by 4.5 percentage points to 15.7% in 2026; and
- the proportion of children (those aged 0 to 14 years) decreased by 1.5 percentage point to 15.3% in 2026.

The dependency ratio — the ratio of the combined population aged 0-19 years and 65 years and over to the population aged 20-64 years, multiplied by 100 — for Yukon increased from 49.8 in 2016 to 56.3 in 2026, an increase of 6.6 over the 10-year period.

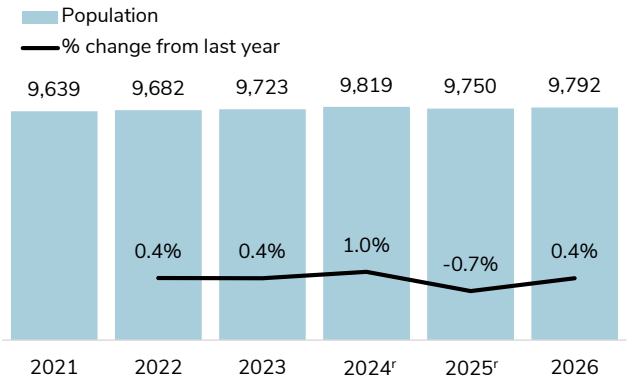
Annual (June 30th) Indigenous population[1] growth, Yukon, 2021 to 2026



In 2026, the estimated Indigenous population[1] (9,792) increased by 42, or 0.4%, from 2025 (9,750).

In 2026, the year-over-year growth rate in the Whitehorse Area (0.3%) was 0.3 percentage points lower than in rural communities (0.6%). By comparison, the non-Indigenous population grew by 3.0% in the Whitehorse area and 3.6% in rural communities.

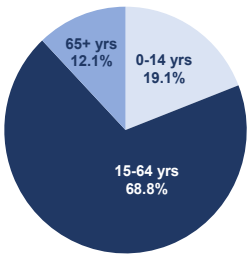
r = revised
[1] Indigenous population includes those who provided band numbers and/or self-identified as First Nations, Métis or Inuit in Yukon government administrative records.

Distribution of Indigenous population[1] by age group and sex, Yukon, 2026

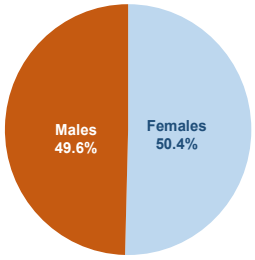
On June 30, 2026, the estimated Indigenous population (on the basis of self-reported identity) in Yukon was 9,792. Of this total:

- 19.1% were aged under 15 years; 68.8% were between 15 and 64 years; and 12.1% were 65 years and over.
- 49.6% were males; 50.4% were females.
- 5,808 (59.3%) resided in the Whitehorse area, while 3,984 (40.7%) resided in rural communities.

In 2026, the Indigenous population (9,792) represented 19.9% of Yukon's population (49,095). The median age for the Indigenous population was 35 years; for non-Indigenous, it was 40 years.



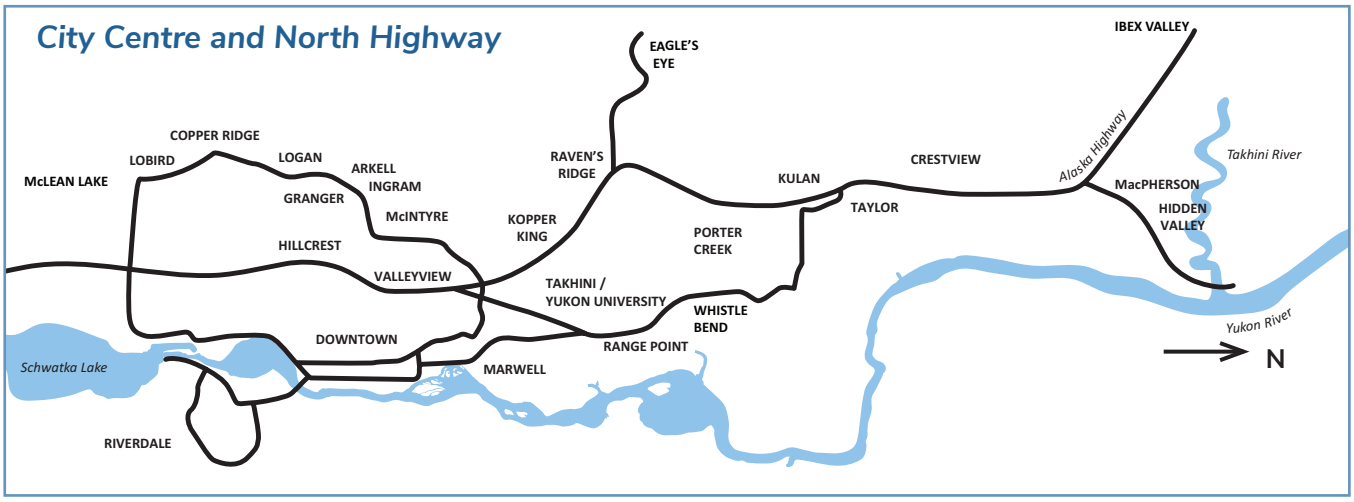
June 2026 by age group

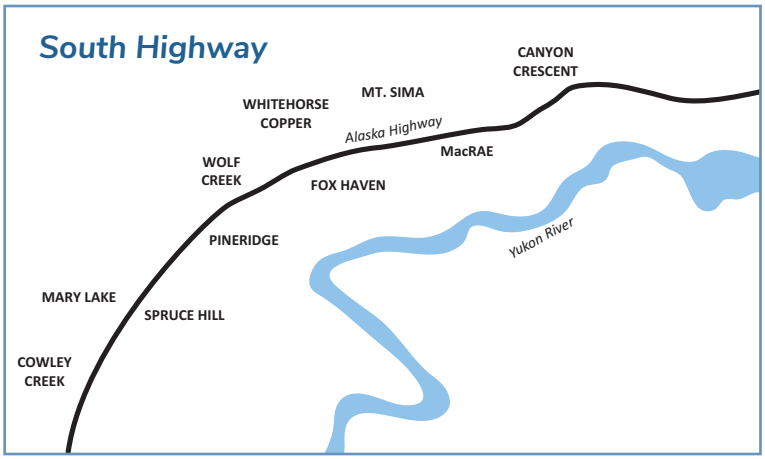


June 2026 by sex

[1] Indigenous population includes those who provided band numbers and/or self-identified as First Nations, Métis or Inuit in Yukon government administrative records.

Population by subdivision in Whitehorse area





Note:
Subdivisions are assigned based on boundaries provided by the City of Whitehorse. Areas outside of the City of Whitehorse boundaries are assigned using Statistics Canada's Census Subdivision (CSD) boundaries within the Census Agglomeration of Whitehorse.

Changes in subdivision (City and CSD subdivision) populations from one time period to another are not only due to natural population change and migrations, but may also be due to the reassignment of residential addresses as additional administrative data become available.

Subdivision	Jun '25r	Mar '26r	Jun '26
Arkell/Ingram	1,239	1,249	1,231
Copper Ridge	3,697	3,755	3,769
Cowley Creek	255	254	244
Crestview	1,186	1,221	1,210
Downtown	3,607	3,712	3,751

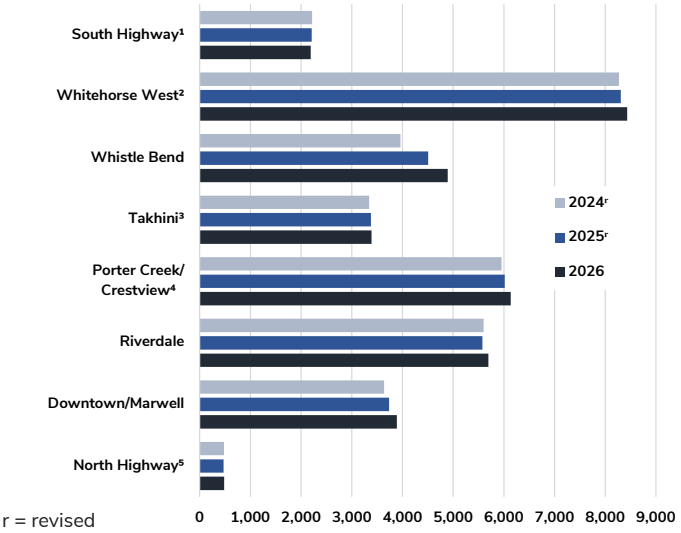
[1] Previously included in Outside City Limits-West. Includes KM 1441 to KM 1485 Alaska Highway.
[2] Includes Alaska Highway KM 1355 to KM 1393 (Lewes River Bridge).
[3] Previously included in Outside City Limits-South. Includes KM 137 to KM 154 South Klondike Highway, including Annie Lake Road.
[4] Outside City Limits-North includes Takhini River Bridge north to KM 247 North Klondike Highway, including Takhini Hotsprings Road.
[5] Outside City Limits-South includes Golden Horn, Carcross Cut-off, south to Lewes River Bridge, as well as KM 114 to KM 137 South Klondike Highway.
[6] 'Not applicable' includes Kusawa Lake Road, and past KM 247 North Klondike Highway up to, but not including Braeburn.

Annual (June 30th) population by Whitehorse subdivisions, 2024 to 2026 (within municipal boundaries)



r = revised

Comparing 2026 to the revised figures for 2025, the population in Whitehorse subdivisions and aggregated subdivisions grew except South Highway.

The population changes were:

- 386 (8.6%) in Whistle Bend;
- 150 (4.0%) in Downtown/Marwell;
- 127 (1.5%) in Whithorse West[2];
- 120 (2.0%) in Porter Creek/Crestview[4];
- 119 (2.1%) in Riverdale;
- 13 (0.4%) in Takhini[3];
- 12 (2.5%) in North Highway[5]; and
- -22 (-1.0%) in South Highway[1].

Some subdivisions are aggregated as follows:

[1] *South Highway* includes: MacRae, Whitehorse Copper, McLean Lake, Mt. Sima, Canyon Crescent, Pine Ridge, Fox Haven, Wolf Creek, Mary Lake, Spruce Hill and Cowley Creek.

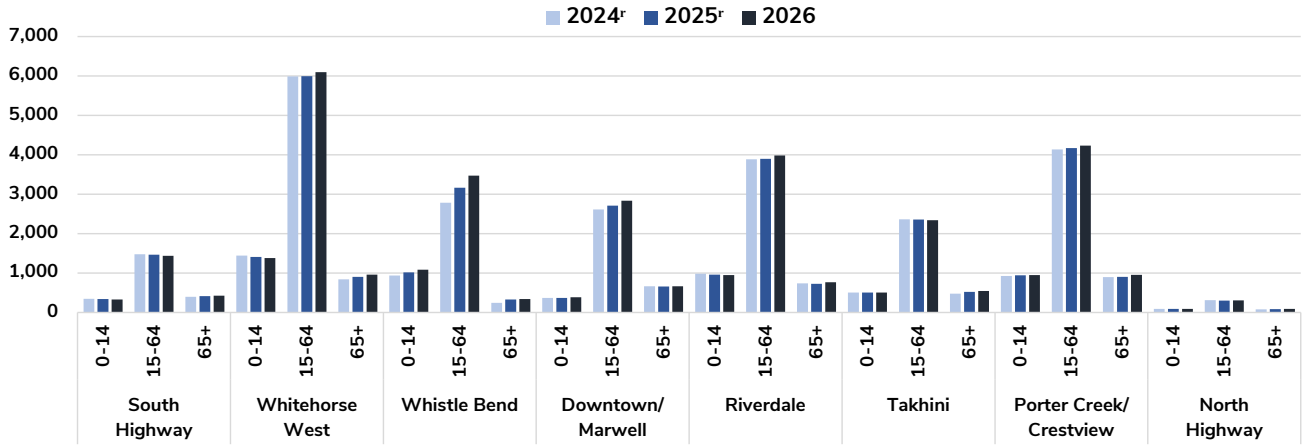
[2] *Whitehorse West* includes: Copper Ridge, Granger, Arkell, Ingram, McIntyre, Logan, Lobird, Hillcrest and Valleyview.

[3] *Takhini* includes: Takhini, Yukon University, Range Point, Kopper King, Raven's Ridge and Eagle's Eye.

[4] *Porter Creek/Crestview* includes: Porter Creek, Kulan, Taylor and Crestview.

[5] *North Highway* includes: Hidden Valley and MacPherson.

Annual (June 30th) population by Whitehorse subdivisions, by broad age group, 2024 to 2026 (within municipal boundaries)



r = revised

Net population change in Whitehorse subdivisions and aggregated subdivisions by broad age group, 2025 to 2026

Aggregated subdivision	Total	0-14 yrs	15-64 yrs	65 yrs and over
South Highway[1]	-22	-11	-25	14
Whitehorse West[2]	127	-31	100	58
Whistle Bend	386	69	309	8
Downtown/Marwell	150	19	124	7
Riverdale	119	-10	89	40
Takhini[3]	13	4	-18	27
Porter Creek/Crestview[4]	120	4	63	53
North Highway[5]	12	-2	7	7

The following tables are sourced from Statistics Canada (SC). SC derives their estimates using a model and revises them after twelve months. The SC estimates are finalized during postcensal revisions every five years. SC estimates will not align with YBS estimates in the preceding tables which are based on administrative data.
