

Palliative Care Education- Flowcharts for Health Care Providers and Caregivers

Palliative Care Resource Team (PCRT)
November 2022

Purpose

- These educational pathways have been developed to support the public, health care providers and agencies (government and non-government) in selecting high quality competency based educational opportunities that focus on palliative care.
- This work draws on other works, such as the [Framework on Palliative Care in Canada](#) (2018), [the Inter-Professional Competency Centre for Palliative Care](#) [ency Framework: Review of educational resources](#) (2019), and the [Canadian Interdisciplinary Palliative Care Competency Framework](#) (2021)
- If you have any questions, please contact the Palliative Care Resource Team at palliativecare@yukon.ca or call 1-867-667-9380

Palliative Care Education by Discipline
