

Whitehorse RCMP and Yukon Coroner's Service respond to report of found body

This is a joint release between Yukon RCMP and the Yukon Coroner's Service.

At approximately 9:30 a.m. on June 4th, 2020, Whitehorse RCMP responded to a report of a deceased person in the Yukon River near the Whitehorse Dam. Later in the afternoon a positive identification was made of a 56-year-old female. The name of the deceased will not be released.

Whitehorse RCMP is working closely with the Yukon Coroner's Service in this investigation. An autopsy is scheduled for June 11th in Abbotsford. No further information will be released at this time.
