

Current registry of licensed oil burner mechanics Updated October 2018

Permits for oil-fired appliance installations or modifications can only be obtained by people on the following list.

Qualified oil burner mechanics can be added to this list provided they present a valid certificate to either the City of Whitehorse building inspections office or Yukon Government Building Safety and Standards office.

Oil burner mechanics added to this list must continue to be in good standing with both offices to remain on the list.

Name	Certificate number	Issuing jurisdiction
