About YRAC funding

The Yukon Recreation Advisory Committee adjudicates funding for Yukon Special Recreation Groups. The funding is provided by Lotteries Yukon and the Sport and Recreation Branch of the Government of Yukon.

Grant funding is structured to allow Yukon Special Recreation Groups flexibility in their use of funds, while maintaining accountability and permitting evaluation of their efforts and accomplishments in meeting their goals and objectives.

The YRAC Grant Profile, Application and supporting documentation are key elements in the funding process. This information is very important to enable the Yukon Recreation Advisory Committee to make fair and equitable funding decisions. For this reason it is important to ensure completeness and accuracy of the information.

The grant application checklist makes provision for noting certain documents and information that may not change from year to year and can be filed with the branch and updated as changes occur. If you wish to use information provided last year please contact us in advance to confirm that we have the information.

Yukon Special Recreation Groups should present their organization's plans and objectives in the five principal areas of funding:

1. Administration/organization development
2. Participant development
3. Leadership development
4. Special project/community development
5. Facility operations and maintenance (if applicable)

The Sport and Recreation Branch requires YSRG to have a number of policies and that they be kept on file at the branch. It is the responsibility of YSRG to review and update these policies. Please provide the most current version of the following policies:

1. Code of conduct
2. Access and equity
3. Conflict of interest
4. Harassment and abuse
5. Volunteer screening

Please address this within your organizations and we would like you to submit your plan this year or next year along with your YRAC application.

5. The Government of Yukon is also committed to implementing the new Canadian Concussion Guidelines and harmonized concussion protocols (visit parachutecanada.org/injury-topics/topic/C9). We will be holding educational sessions with the Yukon Medical community, Education and with all of our Sport and Recreation organizations over the coming year. We encourage you to discuss this within your own organization, and how you are going to implement these new guidelines within your sport or recreational activity. We will be asking for implementation plans with your YRAC application next year.
