Overview

The Yukon Nominee Program (YNP) is administered by the Government of Yukon's Department of Economic Development Immigration Unit, in partnership with Immigration, Refugees and Citizenship Canada (IRCC) under the '[Agreement for Canada-Yukon Co-operation on Immigration](#)'. The purpose of the YNP is to help the Government of Yukon respond to labour market needs in a sustainable way, while ensuring job opportunities are safeguarded for Yukoners and Canadians.

Please review the following guidelines to increase the chances of a successful application to the YNP.

Process

The YNP is an economically based program that is employer driven in nature. Yukon employers who can offer year-round, full-time employment (35-40 hrs/week) and meet certain criteria may submit applications to the program to nominate qualified foreign nationals for employment and residence in Canada. If attempts to hire locally or nationally are unsuccessful and an employer is looking outside of Canada to fill labour shortages for permanent, full-time positions, the YNP is an option that is available to them. The YNP allows qualified foreign nationals the opportunity to work and settle in Yukon with the long-term goal of establishing themselves as permanent residents of Canada. The YNP offers: the [Skilled Worker Program](#), the [Critical Impact Worker Program](#), and the [Yukon Express Entry](#).

Hiring a foreign national to come and work in Yukon can be a lengthy process. The typical processing time for Skilled Worker / Critical Impact Worker applications is 12-14 weeks from receipt of a complete application. Processing times will increase with the volume of applications received. Once an application has been approved the foreign national must apply to [IRCC](#) for a temporary work permit. Processing times for temporary work permits vary by country of origin. A temporary work permit allows the foreign national to come and work in Yukon while their application to IRCC for permanent residency is being processed.

Yukon Nominee Program can only be accessed by employers who are offering full-time, permanent positions.

Yukon Nominee Program process

- 1** Eligible employers **advertise** the position locally and nationally; no qualified Canadian or permanent resident applies.
- 2** Employer **offers full-time, permanent position** to eligible foreign national.
- 3** Employer and foreign national **complete all required forms** for YNP.
- 4** Employer **submits complete application** to YNP, ensuring all forms and documents are included.
- 5** If employer is approved, **foreign national information is reviewed**.
- 6** If a foreign national is approved, the individual becomes a **territorial nominee**.
- 7** Nominee submits application to IRCC for a **Temporary Work Permit**. Nominee also submits an application for **permanent residency** after signing the Tripartite Agreement (TPA).
- 8** **Nominee works** for employer under a Temporary Work Permit while permanent residency is in process.
- 9** Nominee meets all admissibility checks (security, health, criminality). Once permanent residency is received, the **nominee becomes a resident of Canada**.

Note: IRCC is responsible for assessing each nominee's eligibility for both work permits and permanent residency. The YNP and the Government of Yukon are **not** responsible for IRCC's decision to grant or deny work permits or permanent residency and **cannot** appeal those decisions.

1 Employer requirements

To be eligible to make an application under the YNP, an employer must meet the following criteria:

- the employer must be a permanent resident of Canada;
- the employer must have been operating in Yukon as:
 - a registered Yukon business with an office in Yukon for at least one year prior to the application to the YNP; or
 - an industry association with an office in Yukon for at least one year prior to the application to the YNP; or
 - a municipal, First Nation or territorial government for at least one year prior to the application to the YNP; or
 - a non-profit organization for a minimum of three years, with funding secured for at least one year following the application to the YNP; and
- the employer must have current and valid required licenses in accordance with all applicable federal, territorial, and municipal requirements.

Employers must have been registered and operating the business for which the application has been submitted for, in the Yukon, a minimum of one year, on a full-time basis.

The federal and provincial/territorial governments have various initiatives to promote the hiring of underrepresented groups. These initiatives are intended to help:

- employers hire Canadian citizens and permanent residents from underrepresented groups before applying to hire temporary foreign workers;
- employers locate organizations that may assist them in finding workers from underrepresented groups;
- individuals who may have more difficulty than others in finding employment.

Employers are also encouraged to contact local agencies or community groups that assist these individuals with integration into the labour market.

Advertising: A job posting is an announcement of an employment opportunity in a public medium such as newspapers, job posting Internet site, bulletin boards, etc. It provides a broad exposure of the vacancy to Canadian citizens and permanent residents in Canada who would be potential candidates for the position.

Employers must demonstrate proof of one national and two local recruitment efforts.

To meet the minimum advertising requirements set by the YNP, employers must advertise on the national Job Bank, and on at least two or more of the following mediums, including:

- recognized Internet employment sites such as Indeed;
- local and regional newspapers, newsletters;
- ethnic newspapers and Internet sites;
- local and regional employment centres.

The advertisement must be posted for a minimum of four continuous/consecutive weeks prior to the employer applying for the YNP. The advertisement must remain posted to actively seek qualified Canadians and permanent residents until a decision is made.

Advertising must clearly specify:

- A. the position title as per the National Occupational Classification (NOC);
- B. minimum qualification/education as per the NOC;
- C. the hours per week;
- D. the median wage as per the [Employment and Social Development Canada \(ESDC\) NOC](#).

IMPORTANT

Employers hiring foreign nationals who are exempt from the Labour Market Impact Assessment process such as the YNP will be required to submit the offer of employment and pay a compliance fee to IRCC.

After you are approved through the YNP:

All employers must submit the offer of employment information and pay the employer compliance fee using the [IRCC Employer Portal](#).

Consult the [IRCC Employer Portal Enrolment Guide](#) for more information.

Information on NOC codes and position descriptions can be found [online here](#).

If the wage information for the NOC is not available for Yukon, refer to the wages in Northern British Columbia, in the following order:

1. North Coast;
2. Nechako;
3. Northeast;
4. British Columbia.

Minimum advertising time is four weeks during the three month period prior to receipt of the application. Advertising requirements must be satisfied prior to submittal of the application; employers must continue with their advertising efforts until a decision is made on the application.

Please indicate how many Canadian or permanent resident workers applied for the position and why you did not hire them. Do not submit their résumés with your application, but do keep them on file for at least two years, in the event this documentation is requested by ESDC.

Employers must provide free health insurance to nominees that provides similar coverage to what a Yukon resident receives under the *Health Care Insurance Plan Act*, until the nominee is eligible for insured health care under the [Health Care Insurance Plan Act](#).

Employers must pay for the air travel costs for the nominee to come to the Yukon from the individual's place of permanent residence (but not for the travel costs of family or dependents) if they are not already present in Yukon.

Employers must pay for the return air transportation for the nominee from Yukon to their country if the nominee does not obtain permanent residency or is no longer participating in the YNP.

Employers must ensure the nominee is accommodated regarding rights and responsibilities as outlined in the *Yukon Human Rights Act* and the *Canadian Human Rights Act*. The [Yukon Human Rights Commission](#) is available to assist employers with compliance.

Employers are responsible for the information/documents they submit. Please verify the foreign national's credentials, employment/work experience and education, prior to submitting the application.

Screening interview (if applicable): If the foreign national is already in Yukon, the employer must arrange for a screening interview with a Government of Yukon Immigration Officer. Both the foreign national and employer must be present.

2 Foreign national requirements

Eligibility: If in Canada at the time of application, the foreign national must have legal status in Canada. Only foreign nationals with a valid Temporary Work Permit or a student visa, with the course of study completed, will be allowed. Foreign nationals cannot be refugee claimants or visitors. Any foreign national who is in Canada on a student permit needs to demonstrate completion of all the requirements of the academic program before being considered for the YNP.

Foreign workers who are currently in Canada must maintain a valid work permit throughout the YNP application and assessment process. If you are unable to provide the YNP with a valid work permit your application will be declined. Please be advised that if you are under [Maintained Status](#), you **may not be eligible** to apply for nomination through the YNP.

Keep your work permit valid

You must have a valid work permit and valid temporary resident status to remain eligible for the YNP. It is extremely important that you do not let your work permit and temporary resident status expire while you wait for your YNP application to be assessed. You are responsible for maintaining your status to work in Canada. The processes to renew your [work permit](#) and [temporary resident status](#) are separate from your YNP application.

Potential nominees must satisfy the YNP that it is their intent to settle permanently in Yukon and undertake the process to become a permanent resident of Canada within 6 months of the signing of the tripartite agreement (TPA).

Employers must ensure that the foreign national has legal status in Canada throughout the YNP assessment process. (i.e. at the time of submission of application and during the YNP assessment, up until YNP has reached a decision).

YNP will contact the foreign national's former employer(s) and educational institution(s) to verify the information provided. If the information is not received within four weeks of that request, the application will be deemed incomplete and will be returned to the employer. If the information provided by the foreign national does NOT match the information provided by the former employer(s) or educational institution(s) the application will be denied. YNP will share the information with IRCC and Canada Border Services Agency.

Criteria: Foreign nationals must meet all YNP criteria. This includes education and work experience that satisfies all the requirements of the job as per the criteria specified in the NOC (the minimum acceptable level of education is completion of high school):
