7.1	Grade 12 Dogwood and Adult Graduation Rate by Self-Identification 2021-22.....	39
7.2	Grade 12 Dogwood and Adult Successful Graduates by Yukon First Nation for 2021-22.....	40
7.3	Grade 12 Graduation Rate by Self-Identification over time.....	41
7.3.1	Dogwood Graduation Rate by Self-Identification over time	41
7.3.2	Adult Graduation Rate by Self-Identification over time.....	41
7.4	Grade 12 Dogwood Graduation Rate by Regions and Yukon Wide over time	42
7.5	Grade 12 Dogwood Graduation Rate by Region and Self-Identification over time.....	42
7.5.1	Yukon First Nations Grade 12 Dogwood Graduation Rate by Region over time	42
7.5.2	Other Indigenous Grade 12 Dogwood Graduation Rate by Region over time.....	43
7.5.3	Non-First Nations Grade 12 Dogwood Graduation Rate over time.....	43
7.6	Evergreen Completion Program	44
7.7	Six Year Graduation Rate.....	45
7.7.1	2016-17 Cohort Six-Year Graduation Rate by Self-Identification	46
7.7.2	Six-Year Graduation Rate by Self-Identification over time.....	46
8	Attendance.....	47
8.1	Average Absent Days by Self-Identification for Regions and Yukon-Wide over time.....	48
8.2	Average Absent Days for KF and Grade 1 by Region 2021-22.....	48
8.3	Average Absent Days by Grade, Self-Identification and Region 2021-22.....	49
8.4	Distribution of Students by total number of absent days by Self-Identification over time	50
9	Students in alternative learning settings	51
9.1	Individual Learning Center and Aurora Virtual School	51
9.2	Wood Street Centre Programs	52
9.2.1	Students taking specific programs at Wood Street Centre.....	52

Preface

COVID-19

Due to COVID-19 and the transition to home-based learning in March 2020 (on the advice of the Chief Medical Officer of Health), 2019-20 attendance was only recorded up to March 17, 2020. As such, 2019-20 absenteeism statistics are not comparable to other years. Additionally, 2020-21 and 2021-2022 was also impacted by COVID-19.

Assessments scheduled for spring 2020 were cancelled, and some assessments in both 2020-21 and 2021-22 were delayed. Furthermore, some students could not be assessed.

Notes and Caveats

- Students can voluntarily self-identify. The Self-Identification categories are:
 - Yukon First Nation 
 - Other Indigenous 
 - Non-First Nation 
- Schools are organized by
 - Rural 
 - Urban 
- Yukon-Wide includes all urban and rural schools but does not include distributed learning students (virtual or home schooled)
- Some charts include small numbers and thus the illustration may or may not be relevant. Please consider the data table in conjunction with the chart when reviewing.
- In some cases, segments with small numbers may have been omitted to protect the personal and private information of the student.
- Due to rounding, not all percentages add up to 100%.
- The data and analysis are as to-date as possible.
- The Department of Education makes small and continuous improvements to the quality of its data and analysis. Sometimes these changes result in differences from previously published reports. The data and analysis in this report are the most accurate data available at time of publication.

1 Enrolment

Student Enrolment counts are defined as all active fulltime / halftime students enrolled at Yukon public schools.

Data Source

Aspen Student Information System and Performance and Analytics Enrolment Module.

Date Stamp

Student Enrolment counts are analyzed from end-of-May data snapshots for their respective school year, unless otherwise stated.

1.1 Student Enrolment Counts by Self-Identification for Regions and Yukon-Wide 2021-22

This data table was removed due to small numbers.

2 Individual Education Plan Counts

The Individual Education Plan (IEP) is a documented learning plan that outlines the individualized educational program for a student as determined by a school-based team. It is developed through a collaborative team effort involving the student, parents, teachers, school administration and resource personnel from within the school and from Student Support Services. The team develops goals based on a student’s current needs and skills and writes the plan for the school year in the IEP. An IEP is an ongoing working document that is used in inclusive classrooms on a daily basis. The IEP is to be reviewed three times a year with parents.

Please note that the number of IEPs varies from year to year. IEPs may be modified as the needs of a student change, or the plan may be discontinued as the goals of the IEP are reached.

2.1 Individual Education Plan Counts by Self-Identification Yukon-Wide 2021-22

Figure 2.1.1 Individual Education Plan Counts by Self-Identification Yukon-Wide 2021-22

Figure 2.1.2 Individual Education Plan Counts by Self-Identification Yukon-Wide 2021-22 (by ratio)

	Students Enrolled	Students on IEP	Students on IEP %
YFN	1,220	161	13%
OI	449	39	9%
non-FN	4,130	193	5%
Yukon	5,799	393	7%

2.2 Individual Education Plan Counts by Self-Identification Yukon-Wide over time

Figure 2.2.1 Individual Education Plan Counts by Self-Identification 2019-20 to 2021-22

3 Kindergarten Assessments

3.1 Boehm Test of Basic Concepts 2021-22

Please note, due to COVID-19 outbreaks in Yukon schools and self-isolation orders in the 2021-22 school year, not all students were assessed in the fall. Spring assessments are currently underway and will be included in the final report.

The Boehm Test of Basic Concepts Third Edition (Boehm-3) is a comprehensive assessment for Kindergarten students that contains 50 basic concepts.¹ The test can be used to identify students at risk for academic delays and to monitor progress. This test is administered twice a year: once in the fall, between October to November; and once in the spring, from April to May.

Form E is used for pre-testing in fall and form F is used for post-testing in spring. Scoring for both the fall and spring tests are equivalent. However, the classification scale differs between fall and spring.

Boehm Code	Boehm Observation	Boehm Form E (Fall)	Boehm Form F (Spring)
NC	No Concern	44 - 50	47 - 50
CI	Classroom Intervention	33 - 43	43 - 46
NI	Needs Investigation	1 - 32	1 - 42

Please note the increase in scale from fall to spring.

The classification for each student is determined using the appropriate form E/F scale. All students are tested in fall and in spring.

Students who were not tested are marked as “Unknown” and are excluded from this report.

Data Source

Performance and Analytics Boehm Module.

Figure 3.1.1 Boehm Student Counts by Category and Self-Identification Fall 2021-22 (by ratio)

	No Concern	Classroom Intervention	Needs investigation
YFN	20%	49%	31%
OI	25%	50%	25%
non-FN	43%	43%	14%
Yukon	38%	44%	18%

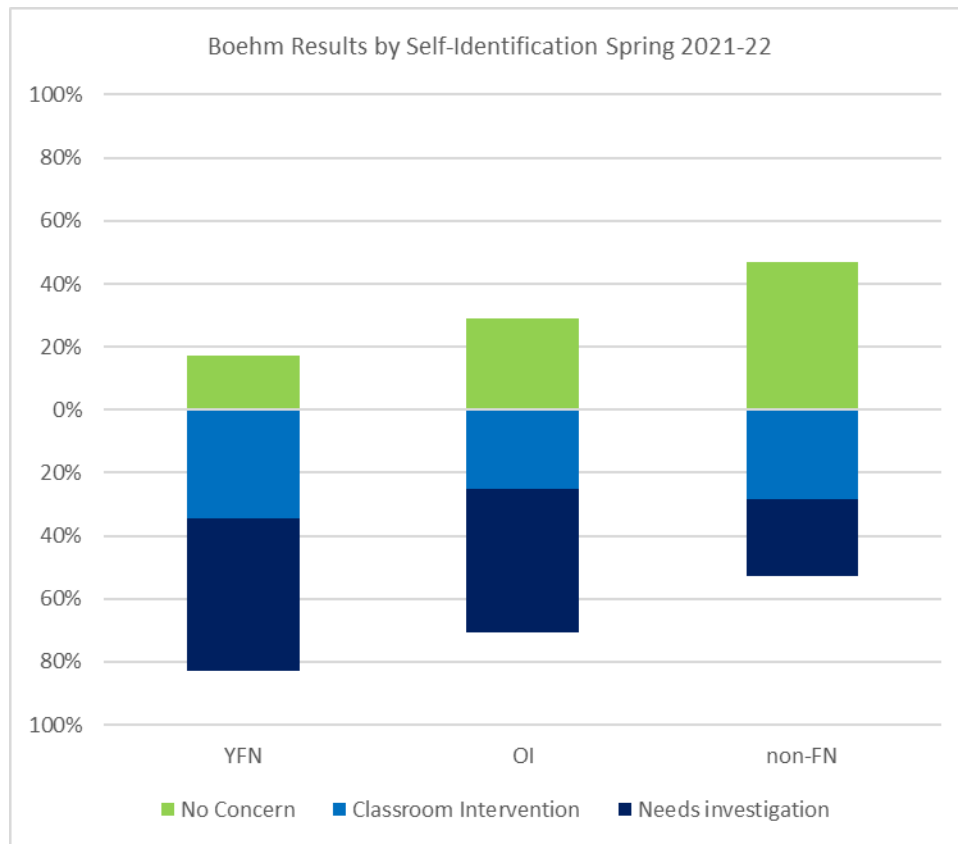

Figure 3.1.2 Boehm Student Counts by Category and Self-Identification Spring 2021-22 (by ratio)

	No Concern	Classroom Intervention	Needs investigation
YFN	17%	34%	49%
OI	29%	25%	46%
non-FN	47%	28%	25%
Yukon	41%	29%	30%

3.2 Early Years Evaluations – Teacher Assessment

Please note, due to COVID-19 outbreaks in Yukon schools and self-isolation orders in the 2021-22 school year, not all students were assessed in the fall. Due to a higher number of self-isolation orders for Elijah Smith Elementary a lower number of students were assessed. Thus this data should not be compared to prior years. Spring assessments are currently underway and will be included in the final report.

The Early Years Evaluation – Teacher Assessment (EYE-TA) provides a systematic framework that teachers can use to structure their frequent observations and informal assessments. The skills assessed by the EYE-TA are instructionally relevant and are a snapshot of the students at that time. The EYE-TA assesses the following five aspects of early child development that are closely related to school preparedness and emergent literacy skills:

- **Awareness of Self and Environment** - a child's understanding of the world and his or her ability to make connections with home and community experiences.
- **Social Skills and Approaches to Learning** - a child's attentiveness during classroom activities and his or her ability to interact with peers while respecting the classroom rules.
- **Cognitive Skills** - a child's basic math and pre-reading skills and his or her ability to solve problems.
- **Language and Communication** - a child's understanding of spoken language and his or her ability to express thoughts and feelings.
- **Physical Development:**
 - **Fine motor** - a child's ability to perform small movements that require hand-eye coordination.
 - **Gross motor** - a child's ability to perform large movements that involve arms, legs, and body.

Please see website for more information¹

EYE-TA results are depicted using three tiers:

- Tier 1 Can achieve the tasks in the developmental area
- Tier 2 Experiencing some difficulty
- Tier 3 Experiencing significant difficulty

Students who did not complete enough tasks in a developmental area are identified as “not complete”.

Depending on their Fall results, students may be re-tested in Spring. For comparative purposes those students not assessed in Spring had their Fall results used.

4 Foundation Skills Assessment

The Foundation Skills Assessment is an annual Yukon-wide assessment of all Yukon students' academic skills in grades 4 and 7, and provides important information on how well students are progressing in the foundation skills of Literacy and Numeracy. The assessment is typically administered in October.

Please note, the FSA 2021-22 was redesigned to assess Literacy as a whole, rather than to focus on Reading and Writing skills separately. This aligns with the shift of the education system as a whole, which defines Literacy as being much broader than just Reading and Writing. For historical, comparative purposes, Reading and Writing are depicted in the over time analysis.

FSA scoring is as follows:

Extending (previously named Exceeding): Students demonstrate a sophisticated understanding of the concepts and competencies relevant to the expected learning;

On Track (previously named Meeting): Students demonstrate a partial to complete understanding of the concepts and competencies relevant to the expected learning;

Emerging (previously named Not Yet Meeting): Students demonstrate an initial understanding of the concepts and competencies relevant to the expected learning, and

Unknown: Students did not participate or were exempt.

5 Graduation Assessments

Yukon high school students write the same graduation assessments as BC students.

Students must write the following as part of their graduation requirements:

- Grade 10 Numeracy Assessment, and
- Grade 10 and Grade 12 Literacy Assessment.

The numeracy and literacy assessments replace the BC Provincial Exams (BCPEs) that students previously wrote.

The new graduation assessments were integrated between 2018 and 2021.

- The Grade 10 Numeracy Assessment was introduced during the 2018-19 school year.
Please note, data from the June 2018 session has been excluded from the analysis and reporting due to small numbers.
- The Grade 10 Literacy Assessment was introduced during the 2019–20 school year.
- The Grade 12 Literacy Assessment was introduced during the 2021–22 school year.

Both assessments are reported using a proficiency level.

PROFICIENCY LEVEL			
			
Emerging	Developing	Proficient	Extending
<i>The student demonstrates an initial understanding of the concepts and competencies relevant to the expected learning.</i>	<i>The student demonstrates a partial understanding of the concepts and competencies relevant to the expected learning.</i>	<i>The student demonstrates a complete understanding of the concepts and competencies relevant to the expected learning.</i>	<i>The student demonstrates a sophisticated understanding of the concepts and competencies relevant to the expected learning.</i>

5.2.1 Numeracy 10

5.2.2 Literacy 10

5.2.3 Literacy 12

5.3 Student Graduation assessments result ratios for Proficient or Extending by Self-Identification over time

6 Math 11 and English 12 Courses C+ or Better

Math 11 and English 12 courses are defined from [BC curriculum](#)². Also, C+ or better is defined from [British Columbia Enhanced Student Learning Reporting](#)³. Please note that this analysis excludes French language courses and their equivalents and considers only courses taken at a Yukon school.

Please note this analysis includes a small margin of error because of students taking duplicates course in the same year (~less than 6 instances)

This analysis does not include students with marks such as:

- Withdraw
- Incomplete
- Blank or No Mark

6.1 Percentage of students who received a grade of C+ or better in Math 11 courses

7 Graduation Rate

Grade 12 Graduation Rate is the percentage of students who were active grade 12 fulltime / halftime in Dogwood and Adult graduation programs, enrolled at Yukon public schools, who successfully graduated. It does not include students on the School Completion Program (these programs include the Evergreen Certificate).

Standard Dogwood Diploma

A Dogwood Diploma is British Columbia Ministry of Education's regular graduation certification awarded to students who successfully complete the provincial graduation requirements.

Adult Dogwood Diploma

Adult Graduation is an alternative pathway for adult learners (18 years of age and older) who want to take courses in order to complete high school and obtain their adult high school diploma (Adult Dogwood).

Date Stamp

Oct 15th was the data date stamp for students in consideration.

Graduation / Completion programs include:

Graduation Programs

- Dogwood Graduation Program
- Dogwood Adult Graduation Program

School Completion Programs

- School Completion Programs are provided to students on special programs or IEP where the Dogwood Graduation Program was not part of their education plan. It is reported separately from the Grade 12 Graduation Rate.
- *The Evergreen certificate metric in this report is an estimate from identifying students on special completion programs who are considered in grade 12 and have a completion status of affirmative.*

7.6 Evergreen Completion Program

This data table was removed due to small numbers.

7.7 Six Year Graduation Rate

The six-year graduation rate examines all students who entered in Grade 8 for the first time in 2016-17 and evaluates if they graduated within a six-year period.

Students not included in the cohort are called outmigrants and are deducted from the total.

$$\text{Six Year Graduation Rate} = \frac{\text{Graduated students}}{(\text{All students in the Cohort} - \text{Outmigrants})}$$

Graduated students either graduated with a standard or adult dogwood certificate. The completion programs are not included.

In general, outmigrants includes students who are no longer active or enrolled in the Department of Education student information system during the six-year analysis period.

Here are some possible reasons for outmigrants:

- Withdrawals
- Transfers to a school outside of the Yukon
- No longer in the Department of Education student information system

Cohort is defined as students who are first time grade 8 enrolled as of October of the 2016-17 school year. It also includes student entering the education system in the respective grade and year throughout the timeframe. This methodology follows the British Columbia Ministry of Education Guidelines for the six-year graduation rate (please see [BC - 6 years graduation guidelines](#)⁴ for more information).

Beginning with the 2021-22 HAWD and continuing thereafter, the Six-Year Graduation Rate by Self-Identification over time is now being presented, as there is ample historical data available for tracking these figures.

8 Attendance

COVID-19

Please note, due to COVID-19 outbreaks in Yukon schools and self-isolation orders at the beginning of the 2021-22 school year, data for the absenteeism 2021-22 school year is not fully verified. Information about the closure of Yukon schools was not included in the calculations for absenteeism 2021-22 school year. Thus, the absenteeism will be recalculated and updated at a later point.

For school year 2019-20, due to COVID-19 the data date-stamp was March 17th, 2020. Attendance data after March 17th was very inconsistent and thus excluded. Similarly, 2020-21 and 2021-22 attendance was also affected by COVID-19 and is thus not appropriate to be compared to previous years.

Absent days are defined as school days missed by students enrolled at Yukon public schools for that school year. Partial days are estimated and appropriately summed into the count, as per the Yukon Education Student Attendance Policy (Appendix 'C' Aspen Yukon Daily Attendance Standards).

Absent days include all excused and unexcused absences but does not include absences from school related activities.

Absent days do not include days recorded for the EL grade level or at the Individual Learning Centre. Attendance captured at Wood Street Program is included in the urban area.

Absent days are either summarized by Attendance school (for Average Absent Days) or by Student (for Student Distribution by Number of Absent Days)

Attendance school

Attendance school is defined as the school where students take courses. At the secondary level enrolment and attendance school can differ for certain courses. Average absent days are reported and counted at the attendance school.

Enrolment school

Enrolment school is defined as the school a student is enrolled in at the end of May. The distribution of students by number of absent days is determined by students grouped by "Enrolment" school.

Data Source

Aspen Student Information System and Performance and Analytics Attendance Module.

Date Stamp

Attendance data was analyzed from data date-stamped after the completion of the school year (~July 15th).

8.1 Average Absent Days by Self-Identification for Regions and Yukon-Wide over time
