

PLACER MINING ACT SECTION 52(2)
GROUPING WORK PROGRAM

Submit to district mining recorder. A sketch must accompany this application outlining all claims included.

Mining district: Dawson Mayo Watson Lake Whitehorse
Status: New Amended work program
Applicant's name
Agent for

Office date stamp

Approval of a grouping does not grant authority to carry out activities, renew, or common date claims listed on the application. Contact the Mining Recorder's Office for further information on required permits and approvals before beginning any work on your claims.

Applications for grouping claims which are non-adjointing or exceed ten in number must show a system of mining that has a direct bearing on all other claims affected and renders a considerable area necessary to successful operation by the system proposed. Applicants are responsible for updating their work program as changes are made.

1. Are all of the claims contained within this application a part of a valid water licence, or an approved class 3 Mining Land Use Approval operating plan? Yes\* No \* If yes, do not complete questions 4 through 6.

If yes: Mining Land Use Approval number: Expiry date: YYYY/MM/DD
Water licence number: Expiry date: YYYY/MM/DD

2. Do any of the claims overlap with settlement land? Yes No

If yes: Indicate all First Nations:
Indicate all parcel codes:
Are you planning to conduct work on any claims overlapping settlement land? Yes No N/A
If yes, describe the work that will be conducted (i.e. dimensions and total number of trenches, total number of drill holes), time frames, and identify all planned locations on an attached sketch, if this work is not already included in a license or permit:

3. If the claims are not contiguous, what is the approximate distance between blocks? km N/A

Note: Identify all planned or potential locations for exploration work on an attached sketch/map. Attach additional pages/information as needed.

4. Sketch of current, planned or proposed work/exploration activities is attached to this application. Yes

5. Could work occur anywhere on the claims depending on exploration results? Yes No

6. Indicate the type of work that may occur on the claims (check all that apply).
Stripping and mining by mechanical means Test pits or trenching by mechanical means
Drilling Geophysics
Hand shoveling Hand shafting Hand drifting
Road maintenance/trail building (all road building on claims or off claims must have valid permits in place)
Other (specify):

7. Provide any additional information that may be relevant to your proposed placer grouping (attach additional pages as necessary):

Read carefully:
By signing below, the applicant is acknowledging that they understand that this application does not constitute authority to commence any work program on the ground, and when, and if the grouping is granted pursuant to the Placer Mining Act, they agree to be bound by the terms and conditions contained therein. In particular, the applicant is aware they shall comply with:
a) the provisions of the Placer Mining Act, Placer Mining Land Use Regulation, and all other other applicable legislation including but not limited to the Waters Act, the Fisheries Act, the Territorial Mine Safety Act, the Yukon Surface Rights Board Act, the Territorial Lands Act, and all regulations and Orders made pursuant thereto; and
b) the Umbrella Final Agreement, and any applicable Yukon First Nations Final Agreements.
