

PRE-APPROVAL REQUEST FOR PLACER DRONE SURVEY

Pre-approval requests for drone surveys require the following information as a minimum. Inclusion of all of the information listed does not guarantee that the request will be approved. The mining recorder may require further information to understand the geological or geophysical value of your proposed program.

Please see the ["Placer renewals drone surveys for assessment credit"](#) interpretive bulletin available online or from a mining recorder's office.

This is NOT a permit, and other authorizations will be required. Any costs provided below are not pre-approved. We request the approximate cost in order to ensure costs will be considered for a renewal on the claim or lease.
