- Joint applications are counted as two applicants. Joint applicants' weighting is calculated by taking the average of both applicants' years applied and raising that number to the power of seven.
- Joint application weighting changed in 2020 to use an average of the primary and secondary applicant's years applied. This is why there are some .5 years shown under years applied.
- There were 7 joint goat applications in 2023.
- There were 245 applications for goat for weighting only.
