4 Hospital Rd, Whitehorse, Yukon Y1A 3H8**

November 20, 2021

Dear Parents, guardians and staff,

This letter is to inform you that Yukon Communicable Disease Control (YCDC) has been made aware of a **positive case of COVID-19 at Nakwaye Ku Daycare**, on:

- Wednesday November 17th from 8:00 AM to 5:00 PM
- Friday November 19th from 8:00 AM to 11:00 AM

All children and staff who were at the daycare on the above dates have been identified as close contacts of COVID-19. COVID-19 is a respiratory illness that is spread through droplets when a person coughs, speaks, or by touching surfaces contaminated by the virus with your hands and then touching your face before washing your hands.

A risk assessment has been completed by YCDC. After careful analysis, we recommend the following for children and staff who were at the daycare:

- If you are **not significantly immunosuppressed** due to illness or medication AND have received 2 doses of COVID-19 immunization, with the last dose prior to November 3rd, **we recommend you self-monitor for symptoms through December 3rd.**
- If you are **significantly immunosuppressed** due to illness or medication AND have received 3 doses of COVID-19 immunization, with the last dose prior to November 3rd, **we recommend you self-monitor for symptoms through December 3rd.**
- All others **not fully immunized** are recommended to self-isolate until November 29th, inclusive, and self-monitor for symptoms through December 3rd.

It is very important that if **any** symptoms develop, no matter how mild, that you arrange for testing.

Symptoms to self-monitor for include:
