

# How to fill a sandbag

Use sandbags to help protect your property against floods:

- only fill sandbags 60% full;
- use a shovel to fill the sandbag;
- close the sandbag with a twist tie or rope.

If a station is out of sand, bags or ties, email [flooding@yukon.ca](mailto:flooding@yukon.ca) or call 867-332-7084.

Find a sandbag station:  
[Yukon.ca/emergencies](http://Yukon.ca/emergencies)

Please bring your own shovel and supplies when volunteering at a sandbag station.
