## **RESEARCH APPLICATION**

For all research conducted on the Traditional Territory of the First Nation of Na Cho Nyak Dun (FNNND), it is expected that a completed Research Application be submitted to the FNNND at least 45 days before the start of the project. Please submit this completed form to the Director of Lands and Heritage ([lands.director@nndfn.ca](mailto:lands.director@nndfn.ca)). If you have any questions about the Research Application, please contact the Lands Administrator ([landsadmin@nndfn.ca](mailto:landsadmin@nndfn.ca)).

Once your Research Application has been reviewed, you will be contacted by the FNNND. FNNND prefers collaborative research projects to address community priorities. Due to capacity issues, the FNNND may not have the ability to collaborate with all potential researchers who wish to conduct their research on FNNND's Traditional Territory. The FNNND expects that before the start of your project, you will sign and submit the FNNND's Research Agreement to our Lands Administrator ([landsadmin@nndfn.ca](mailto:landsadmin@nndfn.ca)). If the FNNND reviews your Research Application and does not approve of the research you are proposing, they will notify you and expect that you do not engage in your research on FNNND's Traditional Territory.

### **APPLICANT INFORMATION**

First name:		Last name:	
Mailing Address:		Postal Code:	
Email:		Phone:	
Are you a member of the First Nation of Na Cho Nyak Dun?		Yes ___ or No ___	
Is this your first Research Application with the FNNND?		Yes ___ or No ___	
If you answered no to the above question, what was the Project Title(s) of the previous project(s) that you submitted to FNNND under a Research Application?

**ADDITIONAL INFORMATION**

**Please provide a Project Proposal with the following information:**

1. Project Title Page (with Project Title and name and institution)
2. Thesis statement or outline of the purpose/objective of the research project
3. Outline of how this project could benefit the FNNND
4. Proposed research plan and methodology (including what information will potentially be gathered (i.e., interviews, lab samples, artefacts, etc.))
5. Proposed timeline
6. Outline of how OCAP will be incorporated (<https://fnigc.ca/ocap-training/>) in your research, indicating how research will be shared with the community and the FNNND
7. Information on where and how data will be stored
8. Outline the expected final products and how they will be shared with the community and FNNND
9. Information on past projects that you have done in the north working with a First Nations community, and the contact information of people in that community who are familiar with your work.
10. If you will be interviewing FNNND Citizens, please provide the consent form you will be using and an outline of how you will be contacting Citizens
