## Yukon Bureau of Statistics

## Yukon Income Statistics 2017 Taxation Year

## Highlights:

- There were 29,550 income taxfilers in Yukon in 2017, an increase of 880, or 3.1\%, compared to 2016 $(28,670)$.
- Yukoners' total income assessed in 2017 was $\$ 1,695.8$ million, for an average of $\$ 57,386$ per taxfiler.
- Taxfilers in the 50-54 years age group had the highest average income assessed at \$72,430 in 2017.

The data contained in this publication are from Canada Revenue Agency (CRA) from T1 Income Tax and Benefit Returns. Province or territory of taxfiler for 'Final Statistics' is based on residence as of December 31 of the tax year. For the tax years from 2009 to the reference year of this publication, 'Final Statistics' are based on all returns, including reassessments up to June 30th of year following filing date for any given tax year. Data from a stratified random sample of individual tax returns was used for the 2008 tax year.
'Individual Tax Statistics by Area' (formerly Locality Code Statistics) is based on the tax filer's postal code and place name as it appears in mailing address to determine the locality code (based on Statistics Canada's Standard Geographical Classification) and includes reassessment information up to June $30^{\text {th }}$ of the given tax year plus two years.

Except where noted, 'number of returns' refers to all returns filed (taxable and non-taxable returns). Some returns are filed for the sole purpose of the GST Credit and/or Child Tax Benefit. All figures are reported in current-year dollars and have not been adjusted for inflation. Statistics pertaining to less than ten taxfilers have been suppressed, however they are included in the subtotals and totals. All counts of the number of taxfilers have been rounded to the nearest multiple of ten. Subtotals and totals were rounded independently. Thus, due to rounding and suppression, number in a row or in a column may not add up to the respective total.

Total Income Assessed and Number of Returns, Yukon, 2008 to 2017

For the 2017 tax year, the total number of income tax returns filed was 29,550; an increase of 880, or 3.1\%, compared to $2016(28,670)$.

The total income assessed in 2017 was $\$ 1,695.8$ million, an increase of $\$ 120.8$ million, or $7.7 \%$, compared to the total income assessed ( $\$ 1,574.9$ million) in 2016. The total income assessed in 2017 was the highest on record for Yukon and the eleventh consecutive year the total income assessed exceeded the $\$ 1$ billion mark.

In 2017, Yukon's taxfilers had an average assessed income of $\$ 57,386$; in 2016 , this figure was $\$ 54,932$. The average income assessed increased by \$2,454, or 4.5\%, from 2016 to 2017.

Number of Returns by Age Group of Taxfilers, Yukon, 2013 to 2017

Taxfilers in the 30-34 years age group made up the largest number of taxfilers in 2017. There were 3,200 tax-filers in this age group accounting for 10.8\% of all taxfilers, followed by 2,870 tax-filers in the 5559 year age group (9.7\%).

Comparing 2017 to 2016, the age group with the largest increase in the number of taxfilers was the 30-34 years, with an increase of 180 , or $6.0 \%$

Source: CRA T1 Final Statistics, Table 4.
Average Income Assessed by Age Group of Taxfilers, Yukon, 2017

Source: CRA T1 Final Statistics, Table 4.

In the 2017 tax year, Yukon taxfilers' average income assessed increased with age for each age group up to 5054 years, and then started decreasing from the 55-59 years age group up to the 75 years and over age group (with the exception of the 60-64 years age group).

The highest average income of $\$ 72,430$ was assessed for the 50-54 years age group. Taxfilers in the less than 20 years age group had the lowest average income assessed in 2017 at $\$ 11,377$.

Returns by Major Source of Income, Yukon, 2017

In the graph and the table above, returns have been grouped by major source of income.
For self-employment income, the gross income was used to determine the major source of income. For instance, a taxfiler who reported employment earnings of $\$ 30,000$, gross business income of $\$ 25,000$, and investment income of $\$ 5,000$ would be classified under 'employment'.
Sales: taxfilers whose major source of earnings is commission income from self-employment.
Farming and Fishing: self-employed taxfilers who earn their major source of income from fishing or farming.
Professional Income: self-employed taxfilers whose major source of income is professional fees (including accountants, doctors and surgeons, dentists, lawyers and notaries, engineers and architects, entertainers, artists, etc.).
Investment: taxfilers whose major source of income is interest, taxable dividends from Canadian corporations, taxable capital gains and other investment income.
Social Benefits: taxfilers whose major source of income is employment insurance, social assistance payments, Universal Child Care Benefits, workers' compensation benefits, and net federal supplements.
Business Proprietorship or Partnership: taxfilers whose major source of income is business income.
Pension: taxfilers whose major source of income is pension or split pension income.
Employment: taxfilers employed by a business, institution, school, federal or provincial Crown corporation, or some form of government body.
Other: taxfilers whose major source of income is alimony, registered retirement savings plan income, registered disability savings plan income, registered disability savings plan income or other unspecified income. Other income includes taxfilers with nil amounts in the other major sources of income fields.

Retirement Contributions as a Percentage of Total Assessed Income, Yukon, 2008 to 2017

Source: CRA T1 Final Statistics, Table 2.

Comparing 2017 to 2016, the total income assessed in Yukon increased 7.7\% ( $\$ 120.8$ million), while the total contributions to RPPs and RRSPs increased 8.6\% (\$8.0 million).

In 2017, 26.0\% of all Yukon taxfilers contributed to RPPs (an increase in contributors of 290, or 3.9\%, compared to 2016), while 24.6\% of all Yukon taxfilers contributed to RRSPs (a decrease of 10 contributors, or $0.1 \%)$. Of all Canadian taxfilers, $18.1 \%$ contributed to RPPs (an increase in contributors of 3.0\% compared to 2016), while $21.8 \%$ of all taxfilers contributed to RRSPs (an increase of $0.3 \%$ in contributors).

In 2017, of those Yukon taxfilers who contributed to an RPP or RRSP, the average contribution to RPP was $\$ 6,053$, and $\$ 7,417$ to RRSP. For Canada, the contribution averages to RPP and RRSP were $\$ 4,652$ and $\$ 7,123$, respectively.

For all Canadian taxfilers with retirement contributions, the 2017 RPP and RRSP combined contribution average of \$6,001, was $\$ 716$, or $11.9 \%$, lower than the combined average for Yukon (\$6,717).
