Notes to Readers:

- No methodological changes were made to the Employment Insurance Statistics (EIS) program over the COVID-19 period. EIS reflect the Employment Insurance (EI) program for the Labour Force Survey (LFS) reference week in each month.
- Data for the October 2020 reference period and onward consist of individuals who obtained EI benefits, and exclude beneficiaries of the Canada Recovery Benefits (Canada Recovery Benefit (CRB), Canada Recovery Caregiving Benefit (CRCB), and Canada Recovery Sickness Benefit (CRSB).
- The number of beneficiaries is a measure of all people who received regular EI benefits from June 12 to 18, 2022. This period coincides with the reference week of the LFS.
